CONVICTION OF BANDITS

Guilt Is Fastened Upon Chinese Thugs.

(From Saturday's Advertiser)

Lee Jim, Chew Hoy and Lee Yok were found guilty of robbery in the first degree, after a trial lasting two and a quarter days. There were four defendants indicted, but a nolle prosequi was entered for Loy Yin at the outset. Judge De Bolt yesterday morning denied the motion submitted on Thursday to dismiss the charge as against Lee Jim.

In the indictment the four defendants were charged with having entered the dwelling house of a Japanese named Takayama Senzo at Waipahu, the building being the property of the Oahu Sugar Co., on September 14, 1903, and feloniously assaulting the Japanese deprived him of three dollars of his money. It is specified that the defendants used force and arms, the latter being a pistol charged with gunpowder and leaden bullets, with which they had intent, if resisted by him, to maim and wound and inflict other corporal injury upon Takayama Senzo.

Loy Yin, though believed by the authorities to be equally guilty with the others, was released because there was deficiency of evidence to identify him. His attorney was H. G. Middle-ditch, appointed by the court as a substitute for E. P. Dole, absent from the Territory.

J. A. Matthewman, attorney for Lee Jim, took half an hour in closing to the jury. Henry Hogan, representing Chew Hoy and Lee Yok, spoke for two hours and eighteen minutes. W. S. Fleming, Assistant Attorney General, closed for the Territory in twenty-five minutes.

It took the jury but five minutes to return their verdict. Counsel for the respective defendants noted exceptions and gave notices of motions for a new trial.

DOUBLY INDICTED.

There is another indictment for robbery in the first degree pending trial at this term against Lee Jim, Chew Hoy, Lee Yok and Loy Yin. Under this they are charged with having, on the same night as that of the Waipahu robbery, entered the house of Adachi Kajuro in a gulch three miles back in the mountains, holding the Japanese up with a pistol, throwing him down and robbing him.

The same gang is believed to have committed several other outrages in the district of Ewa. On the first day of October, or two weeks after the robbery for which the two indictments against the four Chinese were returned, a Japanese was held up on the long hill this side of Moanalua. He resisted and was shot in the thigh.

MURDER WAS DONE.

About the same time a Chinese bandit mounted on a bicycle assaulted and killed a Japanese at a point on the Ewa road. The conditions of the victim's clothes indicated that his pockets had been rifled. Unfortunately there was no evidence obtainable whereby the murderer could be identified. A burly Chinese with a bicycle had been seen lurking near the spot and again speeding along the highway.

A white woman was held up in her house at Waipahu by a gang of Chinese ruffians. She was thrown down and one of the miscreants plinked her to the floor by placing his knees upon her shoulders. Another one knocked down the woman's nephew and, covering him with bedding, held him clinched to the floor. While the woman and her nephew were thus restrained by two of the gang, the rest of them ransacked the house for plunder.

SENSATIONAL ARREST.

Dramatic features marked the arrest of the four men brought to the bar of justice. Officer Mullettner was posted in the house of Lee Jim on Liliha street in the latter's absence, as this Chinaman answered the description given of one robber by the victims. Late at night Lee Jim returned and gave a signal of six raps on the door. Mullettner opened the door and made a grab for his man. Lee Jim resisted arrest and attempted to draw a revolver from the right breast pocket of his coat. The officer succeeded in wresting the weapon from the desperado's grasp. While Mullettner was endeavoring to bind his prisoner with a rope, Lee Jim broke away and ran outside. Scaling a high fence he crossed an adjoining yard, whence he climbed by way of a livery stable's roof to the top of a house. There he was bottled up and compelled to surrender.

The other two, of the three just convicted, were caught in Lee Jim's house by Deputy Sheriff Chillingworth, Ah On and another officer, who broke into the house late at night and caught the culprits asleep in their beds. Before they had a chance to prevent it, their revolvers were secured by the officers, each of them having been provided with a weapon. In the case tried, the Japanese identified the three men thoroughly. They attempted to prove alibi but beautifully contradicted themselves.

DESKY WINS FIRST BLOOD.

Judge Robinson yesterday denied the motion to dismiss the temporary injunction obtained by Charles S. Desky against C. W. Booth, which enjoins the defendant from proceeding with the foreclosure sale of Pacific Heights property until the further order of the court.

Mr. Milverton for the plaintiff filed objections to the answer of defendant and Monday was set for a hearing thereon. The trial of the injunction and reformation of mortgage suit will begin on Tuesday. In the probability of its

lasting the rest of the week, Judge Robinson has sent out word to his April term jurors that they need not appear until Monday week.

GEAR'S JURY PANEL.

Judge Gear has issued an order to High Sheriff Brown to summon the following 24 jurors to appear before him at 10 o'clock a. m., Monday, April 19:

Southard Hoffman Jr., Elam P. Chaplin, A. N. Campbell, Arthur W. Rice, Philip Kaunama, Joseph Kala, Obed Kikala, Archibald A. Young, H. F. Davidson, Henry Birkinmyre, John R. Moala, Douglas Kaona, Emil A. Berndt, Edwin Harbottle, E. G. Dunsen, Samuel Nowlein, Harry Carl, Henry Napua, John A. McCandless, Sam K. Aki, James W. Bergstrom, Robert Ball, Clarence H. Cooke, Jeremiah K. Kanehill, A. B. Arleigh and E. J. Walker.

ROBINSON'S CALENDAR.

Clerk Simonton has given notice, by order of court, that Judge W. J. Robinson, on Monday next at 10 o'clock a. m., will call the even-numbered civil cases on the April term calendar, from and including No. 253 to and including No. 340, also all cases "passed temporarily" at the previous calling of the calendar. Cases will be called for the purpose of having them set down as "ready for trial," or for other proper disposition.

BIG MORTGAGE CASE.

Judges Gear and Robinson have granted W. C. Achi an extension of time to answer until April 27, in the foreclosure suit of H. Hackfield & Co., Ltd., vs. W. C. Achi and others. The suit is upon a mortgage to secure the payment of four promissory notes made by defendant Achi to J. M. Monsarrat in the total sum of \$40,000, all of the notes bearing date of July 1, 1899. The mortgage covers 23 pieces of fee simple property in Honolulu and South Kona, together with five leases and live stock approximating 400 head of cattle and 40 head of horses, besides donkeys, pigs, etc., and all the increases of such live stock also brand and branding irons, buildings, agricultural tools and implements, dairy fixtures, furniture and all other goods and chattels upon and used in the enjoyment of the premises described. J. M. Monsarrat assigned the mortgage to H. Hackfield & Co., Ltd., on July 1, 1899.

KONA COMPLICATIONS.

Return of writ of certiorari served on Thomas Ahi, District Magistrate of North Kona, on the petition of defendant Hutchins in the suit of Kapiolani Estate, Ltd., vs. Clinton J. Hutchins, trustee, and Henry Waterhouse Trust Co., Ltd. The writ commands Judge Ahi to forward to the Supreme Court a certified copy of proceedings had before him relative to a writ of possession in the above entitled suit, also orders and enjoins him to proceed no further in said cause until judgment shall be pronounced on the regularity of his proceedings. Judge Ahi has obeyed the order in sending to Henry Smith, Clerk of Judiciary, the record in question.

Judge Ahi by his attorneys, Kinney, McClanahan & Cooper, late yesterday filed a motion to quash and dismiss the writ of certiorari, citing legal grounds to show that the writ of possession was properly issued by the respondent.

AXTELL VS. HENDRICK.

In the malicious prosecution case of J. C. Axtell vs. E. E. Hendrick a stipulation has been filed by C. C. Bittling for plaintiff and Robertson & Wilder for defendant, that the testimony given by E. P. Dole and Annie Horner, on the previous trial may, in the absence of said witnesses, be read to the jury, subject to legal objections to any question or answer, at the next trial of said cause. Judge Robinson, it will be remembered, granted a new trial of this case on the ground that the damages of \$5000 found against defendant were excessive.

EXECUTION RETURNS.

Return of execution for \$45,683.76 in the suit of the First National Bank of Hawaii against Jesse M. McChesney and R. W. McChesney has been made by High Sheriff Brown, showing the net realization of \$1523.25 on sale of property at public auction at which the plaintiff was the purchaser. The property consisted of a Walkiki lease at \$175 per annum running 17 years from August 1, 1895, with privilege of renewal for 13 years more at \$200 per annum; and a piece of land at Kalia, Walkiki, area \$4511 square feet, part of it leased at \$100 per annum until October 1, 1912, and the land subject with other lands to a mortgage.

Execution for \$242.17 in the suit of David Lawrence & Co., Ltd., vs. Moana Hotel Co., Ltd., is returned as fully satisfied, by request of Thayer & Herpenway, attorneys for plaintiff.

The Hawaiian National Guard will go into encampment with regularity in June.

BEST PART LEGISLATIVE PROGRAM IS COMPLETED

(From Saturday's Advertiser)

Governor Carter signed his fifth act yesterday, the one providing for the payment of either salary or commissions to deputy assessors. Today Governor Carter will receive, ready for his signature, the two main appropriation bills which have finally passed both Houses. The only important measure still before the Senate is the unpaid bills, and a long conference was held yesterday afternoon over that bill by the finance committee and the Governor, so that there is now little possibility of a failure on the part of the Legislature to adjourn Monday as has been anticipated. The garbage bill also went through in good shape yesterday, Senator Palmer Woods again being called upon to marshal the Home Rule forces to send the measure through as it came from the Governor.

In the House the county commission resolution went through and will be sent to the Governor today. There is still some doubt as to the legality of the measure, in view of the Organic Act provision that the Governor shall appoint the members of all boards created by law. Although it is said that the resolution is not law, on the other hand the contention is made that a joint resolution signed by the Governor has all the force of law.

Governor Carter will entertain the members of the Legislature at a final dinner tonight in the Young Hotel, which marks the virtual close of the session. There is now little work before either house, and the final two days of the session are expected to be taken up only in the routine passage of the remaining bills. The House could, if necessary, adjourn today, but the Senate still has to give the unpaid bills two more readings.

THE HOUSE.

The House passed Senate Bill No. 17 relating to the bond issue at the opening of the session yesterday morning.

House Bill No. 1 with amendments by the Senate were concurred in and is now ready for the signature of the Governor.

Senate Bill No. 12 passed second reading, and Senate Bill No. 13 which gives the Treasurer authority to open bank accounts and overdraft to the amount of \$500,000 was also passed on second reading.

A recess was taken to give the Finance Committee time to finish its report on the unpaid bills of the extra

DEATH OF MRS. THOMAS FITCH AT LOS ANGELES

(Special Cablegram to the Advertiser.)

LOS ANGELES, Cal., April 15 (rec'd 12:35 p. m.)—Mrs. Thomas Fitch died this morning.

THE LATE MRS. THOMAS FITCH.

(From an Old Wood Cut.)

News of the death of Mrs. Fitch yesterday caused surprise, although since her departure from Honolulu last year for the benefit of her health, it had been known that she was feeble. Mr. and Mrs. Fitch had planned to return to Honolulu early this spring, to again take up their residence at the Moana Hotel, but an attack of typhoid fever and later of Bright's disease made it impossible for Mrs. Fitch to be moved.

The death of Mrs. Fitch removes a woman who had achieved fame in the West as an author and one who figured not less prominently in the early days of Nevada and California than did Col. Fitch, her husband. Col. and Mrs. Fitch came to Honolulu about four years ago, the Colonel taking a conspicuous part in politics and in law. Mrs. Fitch had many friends here, and impressed all whom she met as a woman of high intellectual attainments.

During her residence at the Moana Hotel, Mrs. Fitch was conspicuous as a venerable lady who retained much of the girlish charm and juvenility of appearance which distinguished her about thirty-five years ago among the belles of the Comstock lode. She always had a literary taste and in the old days of California she was connected with the "Hesperian," and was perhaps the first California woman to produce a novel. The title of this book, which was published in 1871, is "Bound Down—a Book of Fate." Local color of California abounds, and the strange theories of reincarnation are set forth from the innocent lips of a child called "Fate."

When the "San Francisco" was published in the long ago Mrs. Fitch made a contribution called "Fate" to the

unpublished poem, something on the order of "Lucille." The completed poem was later published by Putnam & Sons in New York under the title of "The Loves of Paul Fenly." While it is difficult to maintain the dignity and poetical spirit of a metrical narrative, yet Mrs. Fitch succeeded in introducing the most beautiful bits of description and philosophy throughout the story, which showed a thoughtful mind and assuming fancy. Such it is the following:

When Augusts are ended and autumn
Suns shine
Through vari-hued barkage and crim-
soning vine,
A little brown spider comes out of the
haze,
With soul of deceit, yet with softest
of ways;
And clad to the eye in some leveling
shade
Of russet and gray, he proceeds to
invade
The sacred forest, with armies of
schemes
Of fine-spun illusions, as subtle as
dreams,
For entangling some feeble and un-
wary wing
In meshes as fateful as mirage.

session, which committee reported a resolution requiring the bills to be paid from the present session's expenses. The report follows.

Your committee has checked the accounts and finds the same correct and recommends the payment of same out of the balance of the monies provided for the expense of this special session in Act 2 of the Session Laws of 1904, for the following amounts: Finch Johnson, \$240.80; John W. W., \$240.80; Chas. Wilcox, \$57.50; W. J. Coelho, \$458.60; D. H. Kahanalei, \$191.84; Solomon Meheula, \$585.02; Paradise of the Pacific, \$634.20; Hawaiian News Co., \$21.25.

Olli wanted to add an item of \$22.50 for J. M. Kaal to the unpaid bills but the amendment was rejected as the voucher was not properly approved and it was learned, had once been paid. The resolution was adopted.

The garbage and sewer bill was reported back to the House and passed finally, with a few changes.

INVESTIGATING COMMISSION.

Kellinog introduced the following concurrent resolution which was adopted:

"Be it Resolved, by the House of Representatives of the Territory of Hawaii, the Senate concurring, That the Governor be authorized to appoint a commission of three men, to serve without pay, to investigate and report at the next regular session of the Legislature a plan for the reorganization of our system of accounts, by establishing funds for each Island or District, so that the residents in each may be able to see what each district contributes to the support of the whole, and how much has been expended for improvements and the maintenance of public institutions in each."

AFTERNOON SESSION.

The clerk read the Senate amendments to the House county commission resolution in the afternoon, and they were concurred in, 20 to 6. There were six negative votes on the final passage. Greenwell, Kanho, Kuphea, Olli, Pale and Purdy.

Secretary Atkinson reported to the House the signing by the Governor of Acts 4 and 6, being the amendments to limit the effect of the old eighteen months appropriation bills.

Harris moved to reconsider the resolution providing for the payment of the House bills incurred during the extra session. The resolution was adopted with an amendment striking out the last section which required the surcharge on each voucher, that the bill was unpaid. Harris explained that the Treasurer wouldn't pay the bills with that portion remaining on the bills.

Clerk Savidge reported from the Senate that the Senate had concurred in the changes made by the House in the current appropriation bill.

A recess was taken, after which Harris moved to reconsider the land registration bill, adding to the bill the words "appropriation for expenses of land court." Previously the act was unintelligible and was returned by the Governor for the necessary correction.

THE SENATE.

All of the members of the Senate were present at the opening yesterday morning, with the exception of H. P. Baldwin, Cecil Brown and D. P. R. Isenberg, the first two not having yet appeared at this session of the Legislature.

THE SEWERAGE BILL.

A majority report of the Judiciary committee, by Messrs Achi and Dickey, was presented on the Sewerage bill. They thought the present schedule of annual rates was too high and proposed a series of amendments. Dwelling houses and office buildings up to 1400 square feet of floor space were charged for sewer use from \$1.50 lowest to \$2 highest, with 35 cents additional for each 300 square feet of floor area. Stables had rates reduced from 75 cents per head of live stock to 25 cents. The majority said:

"We think that the present rates charged for garbage are not excessive and as it is very difficult to prescribe maximum rates we recommend that the bill be not changed in that regard."

With the amendments proposed they recommended that the bill pass.

"I do not concur," John T. Brown signed as a minority report.

Mr. Dickey moved, seconded by Mr. Paris, that the report be adopted.

Mr. Brown moved, seconded by Mr. Woods, that the bill pass as originally presented. This would leave out the schedule of charges by the Public Works card which Mr. Isenberg had moved as an amendment.

The original bill passed third reading on the following vote:

Ayes—Achi, J. T. Brown, Crabbe, Dickey, Kalua, Kaohi, Nakapahu, Wilcox, Woods—8.

Noes—Kalaokalani, McCandless, Paris—3.

COUNTY RESOLUTION.

The Judiciary committee presented a unanimous report on the House joint resolution for a County Act Commission, recommending its passage with an amendment giving the Senate instead of its President the nominating power. This was adopted, passing the resolution as follows:

"Whereas, The Legislature of the Territory of Hawaii has been convened in special session to consider the serious financial condition of the Government, and

"Whereas, The people of the Territory have expressed themselves in favor of County Government, and

"Therefore, Be it resolved, That a commission of five members be appointed to prepare a plan for the establishment of a County Government, and to draft a bill for the Legislature, The

commissioners shall be fixed at a salary of \$1000 per annum, and shall be paid out of the amount of the expenses of the Legislature, and

Resolved, That the commission be organized on or before the 1st day of May, 1904, and that the Legislature adjourn until the 1st day of June, 1904."

EMMELUTH HAS A PLAN

Commission Should Now Devise Revenue Measure.

"It seems to me that the work of the present Legislature would be incomplete unless some effort is made to devise ways and means for the raising of necessary revenue to maintain the government and to formulate some plan to be adopted for the future in the matter of public improvements, largely if not altogether benefiting some certain portion of the community," said Representative John Emmeluth yesterday.

"Take the matter of sewage system which caused considerable discussion in the Senate, owing to the inconsistency of charging rates to those making connections while others having equal facilities but not using the same, do not pay. The right course to be pursued, and one obtaining in nearly all communities on the mainland, would be to make the expense of the sewer system, both as to first cost and maintenance, a charge against the property benefited by the same. A sewer of the kind now being put down in Honolulu would if placed in any city on the mainland, be a charge, in the nature of a special tax against property abutting on the streets through which the same runs, such tax being of sufficient amount to meet principal and interest during the time the bonds run. Thus, the burden is equally borne by all to whom the sewer is made accessible, regardless of whether the property is improved or not or whether if improved, the same be connected with the sewer or not.

"What is said of sewers is equally true of road making, sidewalks, and conduits of all kinds, placed in streets for the benefit of abutting property. It seems to me that the government has reached the stage where new methods of procedure must be adopted in order to make the revenues available to cover running expenses. To this end it would seem desirable that the Legislature before adjournment, provide for a commission similar to that for the county bill to inquire into revenue and loan matters with a view to submitting some definite plan for equitable distribution of expenditures of a public character to the next Legislature."

BURNS AND CUTS.—Slight injuries of this character are of frequent occurrence in almost every household. While they are not dangerous, except when blood poisoning results from the injury, they are often quite painful and annoying. They can be quickly healed by applying Chamberlain's Pain Balm. It allays the pain almost instantly and heals the injured parts without matter being formed, which insures a cure in one-third the time that the usual treatment would require. It is the most perfect preparation in use for burns, scalds, cuts, bruises and like injuries. It should be applied with a feather, and before the parts become swollen if possible. therewith transmitted to the Senate. The bill was read a first time by title and referred to the Finance committee.

Another letter from the House advised the Senate of amendments made to the Current Expenses bill by the House. Mr. McCandless moved to concur. Mr. Dickey to refer the bill to the Finance committee. The latter carried.

The Judiciary committee reported on the Malicious Injury bill, recommending its passage, and the report was tabled to be considered with the bill.

At 11:20 the Senate took recess until 2 p. m.

AFTERNOON SESSION.

Mr. McCandless presented a unanimous report of the Finance committee recommending that the Senate concur in the House amendments to Senate bill No. 1, the Current Expenses appropriations. The report was adopted on a show of hands, but at the suggestion of Mr. Dickey the ayes and noes were called, to be on the safe side for legality in the final vote on the bill. All present voted aye, viz.: Achi, J. T. Brown, Crabbe, Dickey, Kalua, Kalaokalani, Kaohi, McCandless, Nakapahu, Paris, Wilcox and Woods.

MALICIOUS INJURY BILL.

The House bill amending the criminal law relative to malicious injury, favorably reported by the Judiciary committee, passed second reading, to be read a third time today.

INTERMISSION.

Mr. Achi held up a motion for an intermission of ten minutes, to await more grieve from the House, until he moved for the appointment of Messrs. Paris, Dickey and Woods as a committee to nominate the Senate's candidates for the County Commission.

President Crabbe—"You had better wait until the Governor signs the joint resolution."

Recess was taken.

BILLS REFERRED.

A letter from the House advised the Senate of amendments made to the Current Expenses bill by the House. Mr. McCandless moved to concur. Mr. Dickey to refer the bill to the Finance committee. The latter carried.

The Judiciary committee reported on the Malicious Injury bill, recommending its passage, and the report was tabled to be considered with the bill.

At 11:20 the Senate took recess until 2 p. m.

AFTERNOON SESSION.

JOE WOODWARD CONFESSES TO CROOKED TAX DEALS

(From Saturday's Advertiser)

Joe Woodward, formerly an employee of the Honolulu Tax Assessor's office, was arrested yesterday afternoon on the order of Deputy Attorney-General Peters, the act being based on a confession of Woodward, involving his obtaining money from tax-payers by the use of irregular tax office receipts.

Woodward made a confession of his guilt in Judge Dickey's court yesterday afternoon during the progress of a case of the Territory vs. W.H. Kailimai, Fish Inspector, who was being sued for alleged unpaid taxes. The climax was something of a surprise to everyone in the court-room with the exception of the Deputy Attorney-General who had purposely appeared to prosecute the case in order that he might entrap Woodward.

When Woodward was put on the stand he blurted out that he and one Thompson had both gone to see Kailimai in 1899 and 1900 to request him to pay up back taxes, and on two separate occasions induced him to pay \$60 and \$32, giving him in return receipts "for taxes" and signed by either Woodward or Thompson. Woodward said that it was a "job" fixed up between the two employees of the Tax Office to obtain money without making returns to the office. Woodward confessed that he had received \$7 on one occasion and \$15 on another as his share.

Kailimai was on the stand during the greater part of the afternoon and related concise story of the methods employed in obtaining his tax money. He stated that he was somewhat behind in payments in 1898, when he "was poor." During that year Woodward came to him and asked him to pay his taxes. He produced a portion of the amount for which Woodward gave him a receipt. The next year they came again and he gave them \$60, receiving a similar receipt, but not the kind that he had formerly obtained on paying taxes at the Tax Office. He said he was surprised this year to receive a request from the Tax Office to pay the very taxes he supposed he had paid when he received receipts from Woodward. He went to the Tax Office and exhibited his receipts, which he claimed were put in an envelope and marked with his name. He claimed that since then he has not seen the receipts nor did he know what had become of them. Amana of the Tax Office had put them away in the envelope and there were other persons present when this was done.

"I pray to God, Mr. Peters, that I am telling you the truth about these receipts," solemnly said Mr. Kailimai raising his hands toward the ceiling when asked whether he was sure that Woodward had given him these irregular receipts. "I don't want to tell a lie," he added.

When Woodward was put on the stand as a witness, Peters crowded him to make a statement of his participation in the shady transaction. When pressed to give an account of the reasons for giving irregular receipts to Kailimai for tax money paid but not turned in, Woodward broke down and implicated Thompson, saying it was "fixed up between" them to get the money in this manner for their own use.

Deputy Attorney-General Peters asked that Woodward be at once committed to the Circuit Court for trial or to the Grand Jury for investigation of his case. Judge Dickey doubted whether the proceeding would be regular in the absence of formal charges. Mr. Peters thereupon took Woodward to the Police Station and had him locked up.

THE FORMER CASE

A. D. Thompson, a clerk in the Honolulu tax office, and Joe Woodward, messenger of the same office, were indicted in 1902 for embezzling public money. Jas. L. Holt, the present assessor and collector for Oahu and then a deputy to Assessor J. W. Pratt, had discovered a bogus tax receipt at Palama on May 2 of that year. The receipt was numbered higher than should have been and investigation revealed the fact that other receipts as well had been torn out of a stub book some distance ahead of the series up to that time reached in the tax office business.

Woodward, although he had no authority to collect taxes, had signed the receipts. He confessed to having collected taxes from different people, giving them irregular receipts, but stated that he had done so in collusion with Thompson and shared the money with him.

E. P. Dole was Attorney-General at the time, and E. A. Douthitt Assistant Attorney-General, conducted the prosecution of the cases. To convict Thompson, a nolle prosequi was entered for Woodward so that he could be used as chief witness for the Territory. The prosecution failed, however, to convict Thompson. Hence nobody was punished for the thoroughly established theft of public money. Public opinion was divided as to the credibility of Woodward's confession on that occasion. Assessor Holt believes that Thompson was innocent, but that he acted weakly in not exposing the irregularities of Woodward, of which he was aware, to some extent at least, before Assessor Pratt had been informed. His admission in that regard was coupled with the asseveration that he had urged Woodward to turn in the money irregularly collected, also warning him of the consequences if he did not do so.

The present case against Woodward came out in February of this year when Kailimai was sued for his delinquent taxes. Kailimai never came forward at the time of the 1902 prosecutions. Yesterday he testified that he never heard of the prosecution of Thompson and Woodward, which surprised the tax office people because the first bogus receipt on that occasion was given to a fish market man.

Kailimai explains his acceptance of an ordinary commercial form of receipt from Woodward by saying that he thought he was not entitled to a regular tax receipt when he only made a payment on account.

Woodward, in this second attempt to make Thompson his scapegoat, says the money was collected from Kailimai at the fish market after hours by himself and that he handed the amounts over to Thompson, waiting in his carriage outside the market, who then made the division.

THE HEARST FIGHT.

ALBANY, April 18.—A lively battle is expected today's convention for the selection of delegates to the Democratic Convention in St. Louis. The chief opposition is of Tammany's position for Parker in the National Convention. Tammany is opposed to instructing for Judge Parker for President.

SORTING OUT LOOSE ENDS OF LEGISLATION

(From Sunday's Advertiser)

Both houses of the Legislature were engaged yesterday in dispatching odd ends of business to clear the way for adjournment of the special session tomorrow. All that the Senate did of real business might have been done in ten minutes, but diversions were created by Mr. Brown of Hilo in moving to change the name of the public park there and by Mr. Achi in anxious effort to secure deliberation of choice of nominees for the County Act Commission. At the instance of the Finance Committee, the Senate shaved \$50 off of a claim for damages for the loss of two horses in the appropriation bill for payment of unpaid bills.

THE HOUSE

The House was in session but a few minutes yesterday morning, adjourning then until nine o'clock Monday morning. The Senate bill permitting the sale of bonds at private sale was favorably reported by Chairman Harris of the Finance Committee and passed second reading. The repeal of the old P. G. treasury regulations passed third reading, only Kuplea voting in the negative. The Senate bill allowing overdrafts of half a million at the banks also passed third reading and both bills now go to the Governor.

THE SENATE

Mr. Brown created a mild diversion in the Senate, just after opening yesterday morning, by presenting a resolution to change the name of Hoolulu park, Hilo, to Moohuan park.

Mr. Dickey opposed the resolution as not germane to the special session.

Mr. McCandless would not vote for the proposed change. He would prefer to call the park after Senator Brown, who had been its champion in the Legislature.

Mr. Paris did not want to be for or against the resolution, believing the matter to be a purely local one. Let the people of Hilo choose the name of their park. Kapiolani park was not named by the Legislature. Supposing Mr. Brown had received a petition in favor of the name proposed, perhaps a stronger petition might be obtained against it. Anyhow, it ought to be a joint resolution to be effective. The Senate could not act alone in such a matter.

Mr. Kalaupokalani made a remark, but Mr. Brown here withdrew the resolution.

"Moohuan" is George C. Beckley's native name. "Hoolulu" the present name of the park, is after Admiral Beckley's ancestor, the high chief who is supposed to have hidden the bones of Kamehameha I.

HOUSE MESSAGES

The House of Representatives by letter informed the Senate it had receded from its action taken on Senate bill No. 6, to amend Sec. 14 of Act 56, Laws of 1906. It returned the bill with an amendment, with which the Senate forthwith concurred. This was to correct the error previously reported which made the pay of employees of the Land Registration Court payable out of the court's "expenses." The bill once more passed third reading by the ayes of all present.

The House also notified the Senate that it had passed Senate bill No. 12, to repeal P. G. Act 79, and Senate bill No. 13, amending Sec. 1, Act 49, Laws of 1898, "to further provide for the payment of current accounts," also that it had concurred in the Senate amendments to the Salary bill and the County Act Commission resolution.

BILLS PASSED

House bill No. 5, "malignant injury" law, passed third reading by the full vote, viz.: Achi, J. T. Brown, Crabbe, Dickey, Kalue, Kalaupokalani, Kahi, McCandless, Nakama, Paris, Wilcox, Woods—12.

House bill No. 6, appropriating \$20,715.95 for unpaid bills, passed second reading with an amendment recommended by the Finance Committee.

During the bill of A. W. Eames for damages from \$429 to \$379, the committee saying:

"Three hundred dollars is for the loss of two horses, which we think is excessive."

The bill was ordered read a third time on Monday.

PUBLIC LANDS COMMISSION

House concurrent resolution No. 1, providing for an unpaid commission to report at next session "a plan for the reorganization of our system of accounts, by establishing funds for each Island or District," etc., was passed without dissent.

NOMINATING COMMITTEE

Mr. Achi moved that Messrs. Dickey, Paris and Woods be appointed a committee to nominate the Senate members of the County Act Commission. To Mr. Paris's objection that the Governor had not yet signed the joint resolution, the mover said they wanted to nominate the best men and men who would be willing to serve.

Mr. Woods agreed with the mover but would withdraw in favor of Mr. Kalaupokalani.

Mr. Dickey did not want to serve. Members from Honolulu would have better opportunity of finding who were willing to serve. Besides the resolution put too much on three men. He favored open nominations in the Senate and a ballot. Mr. Achi having said it was important to ascertain who were willing to serve and have their names brought into the Senate on Monday, Mr. Dickey said he would withdraw in favor of Mr. Achi.

Mr. Achi thought the proper committee was one each from Oahu, Maui and Hawaii, whereupon Mr. Paris of Hawaii said he would withdraw in favor of Mr. Wilcox of Kauai. Mr. Wilcox, amidst general mirth, withdrew in favor of Mr. Achi.

President Crabbe thought Dickey, Paris and Kalaupokalani were all right and put the motion, which carried with those names.

BILL BECOMES LAW

A letter from A. L. C. Atkinson, Secretary of Hawaii, announced that the Governor had signed Act 5, amending the tax law.

A motion by Mr. Achi carried, that the Finance Committee report on Monday how many days the clerk should be given to have the Journal of this session printed.

At 10:50 the Senate adjourned until 1:30 p. m. on Monday.

FILMER AND GOING ARE ON TRANSPORTS

Captain Filmer, formerly of the steamship Hongkong Maru, is now in command of the big steamship Manchuria Maru, recently purchased by the Toyo Kisen Kaisha company for use in cargo trade on Oriental waters. The big ship carries nearly 4,000 troops and is now engaged in transport work. Captain Filmer was arrested and held a prisoner for twenty-four hours on his first entry into Yokohama with the Manchuria Maru, having failed to hoist his number or to conform to the strict harbor regulations imposed by the Japanese government.

Captain Going, formerly of the Nippon Maru, is also a transport steamer captain.

Several attorney runners are, we are informed, trying to raise funds among Japanese gamblers in this city to be used on behalf of Funakoshi, the convicted murderer of Motohiro. They claim that Funakoshi could be liberated by securing to a writ of habeas corpus before United States Judge Dole. The murderers confined in the Hilo jail at present pending his appeal to the higher court, Hawaii Shingo.

TEN YEARS FOR EACH

Conspirators Are Sentenced by Little.

HILO, April 15.—Judge Little in the Circuit Court on Thursday morning sentenced Funakoshi and Watanabe, who were tried and convicted at this term of court for conspiracy to extort, to ten years imprisonment each.

Thos. C. Ridgway represented the Territory and J. U. Smith appeared as counsel for the defendants. Another indictment is pending against the same Japanese for conspiracy to abduct which will probably now be quashed. These cases grew out of the tragedy which occurred at a Japanese hotel on Front street in July, 1902, when Motohiro, a carpenter was found with his throat cut from ear to ear and for whose murder the same parties are under sentence of 30 years and 25 years respectively. The murder cases are now pending on appeal in the Supreme Court, no decision having been rendered.—Tribune.

REPUBLICAN PRIMARIES

Aside from a little flurry caused by the sudden rise to power of the Young Men's Republican Club, there was little interest shown in the Republican primaries held last Saturday. It is difficult at any time to arouse sufficient interest in the stay-at-home voter to attend and vote at primaries, and outside of Hilo where there was an attempt to create a rivalry in republican leadership, there was not even the appearance of a contest. The Young Men's Republican Club was perfectly organized and every member stood by the "elite" agreed upon at the caucus the night before. The result demonstrated the effectiveness of unified organization and the Smith wing of the party rode into power on the tide of the younger Hawaiian vote. The delegates chosen are all capable men and can be relied upon to represent the wishes of the party in the Convention to be held in Honolulu next Monday.—Tribune.

SMITH A REPUBLICAN

I do hereby pledge myself to uphold and support the traditions and policies of the Republican party and announce my unwavering allegiance to the principles of that party and shall uphold and support all regular republican nominees, and shall uphold the constitution of the same, striving to do whatever else may be necessary to perpetuate upon our soil, "A government of the people, for the people and by the people."

That I will not sign any petition in behalf of or recommending for nomination any person as an independent candidate for any office for which candidates would be or shall have been nominated at any such convention. (Signed) J. U. SMITH.

The above is a copy of the pledge required to be signed by all persons voting at the republican primaries last Saturday, together with the name of a prominent citizen who subscribed to the same.—Tribune.

ELKS' RECEPTION

Mr. and Mrs. A. C. McKenney again said farewell to their friends at an assembly given in their honor by the Hilo Elks at Elks' Hall Tuesday evening. The hall was decorated with flags of various nations and bamboo. The weather conditions were anything but favorable to an assembly of any sort, but among the large number of guests there was no regret for the inconvenience occasioned by the downpour. It was the largest affair ever given by the Elks and the success of the evening was jointly due to the regard in which the guests of honor are held by the community and the excellent arrangements of the house committee. Mr. and Mrs. McKenney with Exalted

SMALL GRAIN EXPERIMENT

Maui Small Farmer Tries Oats and Wheat.

MAUI, April 14.—Mr. E. H. Bailey of Makawao, who perhaps takes more interest in agriculture from both a scientific and practical standpoint than any other person on the island, has recently planted for an experiment several acres of barley, oats, wheat and speltz, all of which are growing finely and are at the present time nearly a foot high. He consulted the United States Experiment Station as to the varieties of seeds to be used and followed the advice freely given. The oats are called 20th century oats, the barley is one of the latest varieties known to agricultural science, speltz is the newest "thing" in hay, and the wheat is styled macaroni wheat owing to its glutinous properties.

Mr. Bailey selected the wheat to please the many Portuguese residents of his vicinity. They complain that the bread made from American flour is too white and too brittle, not like that produced in their old home islands, they prefer to have their favorite food of an elastic glutinous nature which can be pulled out and twisted into long rolls. If this experiment is successful it is to be hoped that the other farmers of the district will cultivate macaroni wheat—and the good old days be recalled to Makawao, the days of '49 when every field was green with tall waving wheat and Mauiites made money through the shipment of the staple to California.

The present season is a good one for Makawao farmers though planting has been somewhat delayed by rains, but has proved unfortunate for the Kula people whose recent crops of corn and potatoes have failed owing to too early planting, the cold winter rains having killed the young plants.

MAUI RACING CLUB

Saturday night, the 9th, the annual meeting of Maui Racing Association has held at the Walluku Court house. Most of the old officers were re-elected with the exception of the Executive Committee which now includes Messrs. M. L. Decker, W. H. Cornwall and W. T. Robinson.

This committee was instructed to prepare a program for the 4th of July.

NEVADAN CARRIES BANANAS

Per steamer Nevada which sailed for San Francisco from Kahului Friday night, the 15th, 225 bunches of bananas were exported as a trial of the California market. Cyrus Green sent 200 bunches of Walluku bananas and W. O. Aiken 25 bunches grown in Makawao.

It is stated that the Makawao fruit much exceeds the Walluku variety. If this venture succeeds great impetus will be given to the banana industry of the island.

NOTES

Judge A. N. Kepoikal is expected in Walluku as soon as his commission arrives from Washington.

Tom Pratt, the Hamakua steam plough engineer, is at the coast purchasing a new set of steam ploughs for the Maui Agricultural Company, (Palala and Hamakua).

Tuesday night, the 12th, congratulations were offered Mr. and Mrs. J. N. S. Williams of Puunene upon the birth of a baby boy.

Mr. Bliss of Erie, Pennsylvania, spent Thursday night, the 14th, on the summit of Haleakala and viewed the "Palace of the Sun" by sunset and sunrise.

BAND WILL GO TO THE COAST WITH OLD MEMBERS

Twenty thousand dollars is the sum reported by J. C. Cohen to be on deposit in San Francisco against his cablegraphic order to bring the Hawaiian Government band and Madame Slapoffski to the mainland as a World's Fair attraction.

Mr. Cohen stated yesterday afternoon that M. B. Curtis will leave on the Sierra next Tuesday for San Francisco to make arrangements for the band on the mainland. Should the Honolulu business community, represented by the Chamber of Commerce and the Merchants' Association, decide to give the proposition its moral support, Curtis will be advised by cable to bill the band as touring under the auspices of the Hawaiian Government and to have the Territory advertised accordingly. Otherwise the band will tour under the auspices of the American National Trust, of which Klam & Fager are among the principal members.

Madame Slapoffski will not go to the coast with the band, but will remain in Honolulu and will be in charge of the band's finances with the band

in concert work so that upon arrival at San Francisco concerts can be given there at once.

Mr. Cohen states that Captain Berger is in full sympathy with the movement for the mainland tour and is seeking the old members of the band who resigned when the monarchy was overturned. The band will be recruited up to its full strength of forty members.

The promoter goes about his work on the theory that the bandmen have stated that they do not care to continue longer with the government at reduced salaries. The \$15,000 either means a reduction of the number of bandmen, or that the salaries will be reduced all along the line, and many say they do not propose to work for such low wages. Captain Berger himself is said to feel that he does not care to be at the head of an organization which is small and not likely to bring credit to him.

Manager Cohen, if his proposition is accepted, intends to furnish the band with an entirely new set of uniforms, to be given out to the band members. Cohen is also planning to give the bandmen a new set of uniforms.

HARMONY PREVAILED IN THE REPUBLICAN CONVENTION

LEGISLATURE WILL SIT STILL ANOTHER DAY

Carter and Kuhio at Head of Poll—Big Island
Disappointed—Delegation for
Roosevelt.

THE PLATFORM.

RESOLVED, That this convention, representing the Republican Party of the Territory of Hawaii, assembled for the purpose of electing Delegates to the National Convention of the Republican Party of the United States of America, to meet at Chicago in June next, believing that Theodore Roosevelt has proved to be an honest and upright President, representing the people of the United States in a most efficient manner, and believing the interests of the Republic will be best served by his election, we do most heartily endorse the present administration, and do hereby recommend and instruct the Delegates from this Convention to give their united support for the nomination of Theodore Roosevelt as President of the United States at the coming elections to be held in November, 1904.

With a morning and an evening session yesterday, the Republican Territorial Convention for the election of six delegates and six alternates to the Republican National Convention in Chicago passed off harmoniously. There was intense feeling underneath the surface, and the caucuses of districts throughout the afternoon are understood to have left things very uncertain. Results are spread at the top of the column and a full report appears below. Hawaii, the big island, bears all the disappointment.

EVENING SESSION.

Temporary Chairman Lane called the convention to order at 7:50 and asked that any credentials not presented in the morning be handed to the secretary.

The roll call showed some delegates present, who were represented by proxies in the morning.

RULES OF CONVENTION.

Carl S. Smith presented a unanimous report of the committee on rules as follows:

REPORT OF COMMITTEE ON RULES AND REGULATIONS.

To the Chairman and Members of the Republican Territorial Convention in Session April 18th, 1904.

Your Committee appointed to draft rules and regulations for the governing of this Convention beg to report that, after due deliberation, the following are recommended:

1. Officers.—The officers of this Convention shall be a chairman and a secretary.
2. Order of Business.—The order of business shall be as follows:
 1. The nomination and election by ballot of a permanent chairman and secretary.
 2. The appointment by the chairman of judge and tellers of election.
 3. Nominations for delegates to the National Convention.
 4. Election of delegates to the National Convention.
 5. Nominations for alternates to the National Convention.
 6. Election of alternates to the National Convention.
 7. Reports of committees already appointed.
3. Ballotting.
 1. Vote for Delegates.
 2. All balloting for selection of delegates shall be by voting at large, responding to the call of the roll of members by the secretary of the Convention.
 3. Each member entitled to vote shall come forward and deposit his written ballot in a receptacle for that purpose.
 4. Each member shall be entitled to vote for only six from among the nominees for delegates.
 5. The six nominees receiving the highest number of votes shall be declared elected.
 6. Vote for Alternates.
 7. Voting for alternates shall be by same method as for delegates.
 8. The chairman of the Convention shall appoint three persons who shall act as judges and tellers of election, and judges shall have the power to count or reject any ballot cast, subject to an appeal to the Convention.
 9. When the judges shall have counted and decided upon the ballots, one of the number shall report to the Convention the result of such count, together with the ballots rejected and the reasons therefor.

When the judges shall have counted and decided upon the ballots, one of the number shall report to the Convention the result of such count, together with the ballots rejected and the reasons therefor.

Each member entitled to vote shall come forward and deposit his written ballot in a receptacle for that purpose.

Each member shall be entitled to vote for only six from among the nominees for delegates.

The six nominees receiving the highest number of votes shall be declared elected.

Vote for Alternates.

Voting for alternates shall be by same method as for delegates.

The chairman of the Convention shall appoint three persons who shall act as judges and tellers of election, and judges shall have the power to count or reject any ballot cast, subject to an appeal to the Convention.

When the judges shall have counted and decided upon the ballots, one of the number shall report to the Convention the result of such count, together with the ballots rejected and the reasons therefor.

Each member entitled to vote shall come forward and deposit his written ballot in a receptacle for that purpose.

Each member shall be entitled to vote for only six from among the nominees for delegates.

The six nominees receiving the highest number of votes shall be declared elected.

Vote for Alternates.

Voting for alternates shall be by same method as for delegates.

The chairman of the Convention shall appoint three persons who shall act as judges and tellers of election, and judges shall have the power to count or reject any ballot cast, subject to an appeal to the Convention.

When the judges shall have counted and decided upon the ballots, one of the number shall report to the Convention the result of such count, together with the ballots rejected and the reasons therefor.

DELEGATES TO CHICAGO.

GOVERNOR GEORGE R. CARTER.
PRINCE KUHIO KALANIANA'OLE.

WILLIAM H. HOOGS.

ALEX. G. M. ROBERTSON.

WILLIAM T. ROBINSON.

ERIC A. KNUDSEN.

THE ALTERNATES.

STEPHEN L. DESHA.

ROBERT W. BRECKONS.

J. K. NAHALE.

L. L. MCANDLESS.

C. H. DICKEY.

H. H. BRODIE.

J. K. NAHALE.

J. D. Paris said: "I take great pleasure in nominating Mr. J. K. Nahale of West Hawaii. He is a representative man of Hawaii who has espoused the cause of the Republican party in Hawaii. If he is sent to Chicago he will be a man of whom the Hawaiian people may well be proud, an honor to the party and a credit to the Territory of Hawaii."

W. T. ROBINSON.

Rev. S. Kapu of Lehi, speaking in Hawaiian, nominated W. T. Robinson. They were now bringing forward young men to represent the country. This was a young man born on the island of Oahu, brought up in Honolulu, who had made his home on the island of Maui. He was a native of the soil and one whom they could all support.

W. H. HOOGS.

Wm. T. Rawlins said he wished, in as few words as possible, to present the name of W. H. Hoogs. They all knew him as a good Republican worker and an estimable citizen.

SENATOR MCANDLESS.

J. A. Low desired to propose the name of a gentleman who was a citizen of Honolulu. Among many good qualities he possessed one that had not been mentioned of any other candidate; that of perseverance. He nominated L. L. McCandless, Senator for Oahu.

DISTRICT ATTORNEY BRECKONS.

Sam. Johnson had the name to propose of one who was not a son of the soil, but who had been here long enough to be well known. If he went to Chicago he would do credit to Hawaii. It gave him great pleasure to nominate Robert W. Breckons.

WORD OF ADVICE.

G. B. Kamaheha of Hawaii wanted the convention to consider the results of its action in the different districts. There was a feeling in the country that the party was being conducted for the benefit of the whites. He wanted such action as would do away with that feeling forever.

Calls to order showed the impatience of the convention for the balloting.

QUIET TELLING.

On the roll call, the tellers announced that 131 ballots had been cast. The votes were called amidst perfect stillness but for the voices of the tellers. One vote had two Robinsons. It was of a "straight" variety that carried both "Robertson" and "Robinson," but the tellers reserved their decision till the last. Then, as it did not affect the result it was counted for all it evidently meant. There was not even a ripple of applause, where there is generally an outburst, at the point where the successful candidates one after another crossed the safety line. This happened in the order given below, so that there was no close run near the end. The vote as below was received with prolonged applause.

THE VOTE.

Carter	123
Kalaniana'ole	112
Hoogs	103
Robertson	98
Robinson	78
Knudsen	69
Desha	62
Breckons	52
Nahale	48
McCandless	38

ELECTION OF ALTERNATES.

J. C. Cohen, at Lehi, was the first to call for the election of alternates. He proposed the unanimous election of Stephen L. Desha and Robert W. Breckons.

Mr. McCandless, speaking in Hawaiian, nominated W. T. Robinson.

Mr. Hoogs, speaking in Hawaiian, nominated W. H. Hoogs.

Mr. Breckons, speaking in Hawaiian, nominated Robert W. Breckons.

Mr. Desha, speaking in Hawaiian, nominated Stephen L. Desha.

Mr. Nahale, speaking in Hawaiian, nominated J. K. Nahale.

Mr. Breckons, speaking in Hawaiian, nominated Robert W. Breckons.

J. C. Quinn wanted to move an amendment to complete the quota of alternates by adding the names of Representative J. K. Gandhi and Mark F. Robinson.

Mr. Low said it was impossible to consider Mr. Quinn's amendment. It was not in consonance with the motion at all.

The motion without the amendment was put and carried. Geo. Cooper nominated Senator C. H. Dickey. Another delegate named H. H. Brodie, saying he was going to visit the National Convention anyway, H. C. Vida nominated E. C. Winston. J. A. Hughes presented the name of Samuel Parker, but the nominee turned it off with a humorous declination.

All candidates withdrew or were withdrawn but Messrs. Dickey and Brodie, who were then elected by open vote without opposition.

RESOLUTIONS.

J. A. Gilman presented the unanimous report of the committee on resolutions, which was unanimously adopted with great applause. It submitted the resolution declaring in favor of the nomination of President Roosevelt at Chicago, which, under the heading of "The Platform," appears above. The motion to adopt was made by Mr. Rawlins and seconded all over the house.

THE TERRITORIAL EXECUTIVE.

J. C. Quinn now took the opportunity to deny him before the nominations of presenting his resolution, which was unanimously adopted on motion of Mr. Cohen, as follows:

"Whereas, Governor George R. Carter has shown that he has confidence in the people and their chosen representatives; and by word as well as deed has declared that the government of this Territory shall be of the people, by the people and for the people; and whereas, by his broad-minded understanding, by his fair treatment of all persons, by his courageous and patriotic attitude in calling the Legislature together, and by treating it as a co-equal department of the government, he has won the confidence and esteem of the people; and whereas, the Republic party, and has opened up a new era in public and political affairs to the delight of all patriotic citizens of all parties; therefore,

"Resolved, That this convention expresses its congratulations to Governor Carter upon the successful beginning of his administration, and pledge him our hearty support in every effort he may hereafter make to promote the welfare of the party and of Hawaii nei.

"Resolved, That a copy of this resolution, signed by the chairman and the secretary, be forwarded to the Governor."

NATIONAL COMMITTEEMAN.

R. N. Boyd presented the following resolution:

"Be It Resolved: That it is the sense of this convention assembled, that Hon. A. G. M. Robertson may be appointed as the National Committeeman of the Republican party in the Territory of Hawaii."

This was carried unanimously.

CONCLUDING BOUQUETS.

Samuel Parker moved that the thanks of the convention be tendered to the chairman, accepting an amendment to include the secretary, and called for passage of the motion with three cheers.

With rousing cheers, at about 10:30 o'clock, the convention dispersed.

MORNING SESSION.

Senator Clarence J. Cramble, as chairman of the Republican Territorial Committee, called the delegates to order at 10 o'clock. He asked the delegates on Hawaii and Maui to take seats at the right from the front, and those on Oahu and Kauai at the opposite side.

Mr. Hoogs, speaking in Hawaiian, presented a resolution, to be read by the opening minutes. The resolution was read by Mr. Hoogs.

Mr. S. L. Desha, speaking in Hawaiian, presented a resolution, to be read by the opening minutes. The resolution was read by Mr. Desha.

Mr. Breckons, speaking in Hawaiian, presented a resolution, to be read by the opening minutes. The resolution was read by Mr. Breckons.

Mr. Nahale, speaking in Hawaiian, presented a resolution, to be read by the opening minutes. The resolution was read by Mr. Nahale.

Mr. Breckons, speaking in Hawaiian, presented a resolution, to be read by the opening minutes. The resolution was read by Mr. Breckons.

Senate Was Anxious to Adjourn to Do Politics. County Resolution Veto Subject of Discussion in Both Houses.

There is still to be another day of the Legislature. Practically all of the work of the session was completed yesterday afternoon and the Governor had the completed bills ready to return, when the Senate adjourned. It was reported in some quarters that the adjournment was taken in order to prevent a pocket veto of some of the bills, but as the Legislature would have to remain in session ten days to prevent this, the rumor cannot be true. The real reason for the failure to adjourn sine die, is probably the desire of some of the Senators to attend the Republican caucus yesterday afternoon. Be that as it may, members of the House were very much wrought up over the action of the Senate in adjourning for the day, and there was a little talk of retaliation. One member wanted the House to adjourn sine die anyway, but he was told that it would be illegal.

Yesterday was taken up in both Houses in clearing away accumulated odds and ends, and this morning will be occupied in acting on the Governor's message on the appropriation bills. There is a possibility of veto on several items in the current expense bill, but this is by no means certain. The appropriation bills will be the final acts of the session.

In the afternoon yesterday both Houses considered the Governor's only veto, that of the county resolution. A new one was passed in both Houses which will be amended today to meet the wishes of the Governor. The adjournment today will probably be before noon in order to allow Hawaii and Maui members to catch the Kinau.

THE HOUSE.

At the morning session of the House a communication was received from the Senate, returning the malicious injury amendment as passed. The Senate also notified the House of its concurrence in the amendments to Senate Bill No. 6. The House resolution providing for an accounts commission was also reported back from the Senate without change.

A protest from Wailuku introduced by Kellinoh against the withdrawal of the \$50,000 appropriation for a wharf at Kahului was referred to the committee on resolutions.

Senate Resolution No. 1 providing for putting into effect the changes made by the appropriation bills, immediately was favorably reported from the Judiciary committee and passed.

The bill amending the 1903 loan law passed third reading without opposition.

AFTERNOON SESSION.

At the opening of the afternoon session Harris presented an amendment to the bill providing for public deposits, and overdrafts, which had been suggested by the Governor. Harris said that the bankers would lend \$500,000 to the government as the law stood. Fernandez objected to the bill and wanted to know if any one but the bankers got the five per cent interest.

"It will help a lot of poor people," said Harris.

"We are all poor people," replied Fernandez who complained that he had to register his salary warrant.

The amendment was finally adopted, provided that "No money shall be obtained on such account or accounts except by draft of the Treasurer, countersigned by the auditor and approved by the Governor."

CHANGE PARK NAME.

Kalawala presented a resolution providing for naming the public park at Hilo "Mooheau" park and authorizing the Superintendent of Public Works to put the change into effect. Admiral Beckley whose ancestral name is "Mooheau" sat at the side of the speaker while the ayes and noes were being called, and only Greenwell and Lewis had sufficient nerve to oppose the Admiral's wishes.

COMMITTEE WAS DOUBTFUL.

Representative Paele reported verbally for the health committee a visit to Kaili camp. He said that the committee had been taken but in a carriage by the President of the Board of Health and had inspected the persons confined there. They had found one case in particular which the legislators deemed suspicious, and didn't think the patient had the disease, but as the doctors had declared he was afflicted, the committee decided not to question the decision. Another case examined, that of Rev. Mr. Hanana, the committee also was in much doubt about. He seemed quite well and the committee did not believe he was sick. This was the case which Speaker Beckley had asked the committee to examine, hinting that the suspect was confined for political reasons. The committee made no recommendations and the report was adopted.

Vida moved that the Governor and Senate be notified of the House's readiness to adjourn. A recess was taken to prepare the notifications.

VETO SUSTAINED.

Upon reconvening Secretary Atkinson appeared with the message from the Governor, vetoing the County Commission resolution. Kumalea moved that the veto be sustained, which was carried without a dissenting voice. The House then introduced the bill for a resolution providing for an accounts commission.

HOUSE MESSAGES.

A message from the House of Representatives announced that the Senate Joint resolution providing for the Governor to put in immediate effect the changes in the law provided in the appropriation bills, had been passed by the House.

By message the Governor announced that he had received the Senate Bill No. 6, and that he had signed it.

could draft better bills than any commission, pointing to the experience with the old commission. "We had experience with one commission," said Fernandez, "and that one left a loophole in the law big enough for a cart to drive through, although it was composed of learned attorneys, including the Federal attorney. The result has been seen with one commission. If we leave it to the Legislature we will have a good law."

KUMALEA TALKS.

Kumalea also said that the Organic Act prohibited the adoption of the resolution as introduced. He said that Section 8 gave the Governor the right to nominate all commissions, and here an attempt was made to give the power to the House and Senate. He moved to amend to strike out the portion giving the House and Senate power to nominate. He thought the law should be amended.

"Why not amend the Organic Act?" suggested Andrade.

"Can't do that," replied Kumalea seriously.

Kumalea then moved to strike out the offending portions, leaving the power in the Governor to appoint the entire commission of five. The amendment carried and the resolution was then adopted 18 to 9. The members voting "no" were Greenwell, Kaili, Koa, Kupahe, Olli, Paele, Purdy and Wright.

Secretary Atkinson reported the injury and loss amendment bills.

On motion of Kellinoh the House concurred in the Senate amendments to the Unpaid Bills act.

At this juncture, Secretary Savidge of the Senate reported that the Senate had adjourned until nine o'clock this morning.

Purdy presented the report of the committee on accounts showing the expenditures to have been:

Compensation and mileage	\$6,332.50
Pay of officers	\$66.00
Typewriting	\$6.55
Printing	\$9.50
Stationery and supplies	\$9.95
Balance	\$6,873.58
Total	\$12,707.08

Fernandez moved that the House adjourn without waiting for the Senate, but Beckley said that neither House could adjourn sine die without the consent of the other. Harris then moved that the adjournment be until ten o'clock in order to give the Senate an hour in which to do something. This motion carried.

THE SENATE.

Pursuant to Saturday's adjournment the Senate met at 1:30 p. m. yesterday.

JOURNAL AND ACCOUNTS.

Mr. McCandless presented a report of the Finance Committee on the reference made to it Saturday, finding that fifteen days was not too much extra time for the clerk to have the Senate Journal printed, and recommending that such time be allowed. Adopted.

Mr. McCandless presented a resolution that, upon adjournment of the Senate, the president is authorized to approve and pass on all bills against the Senate to be paid out of the Senate appropriation, and that the president is authorized to receive bids for the printing of the Senate Journal and award the contract to the lowest responsible bidder. Adopted.

LOST A FINGER.

A very painful accident occurred at the Enterprise Mill last Saturday which resulted in the loss of a finger by Dick Behrens, the cabinet maker. In attempting to remove some work from the saw table, Behrens permitted his left hand to come in contact with the rapidly revolving circular saw, which he believed had been disconnected. His hand was violently thrown on the rip saw which was going at a high rate of speed and before he could recover himself, the fingers of his left hand were fearfully cut and lacerated. Medical assistance was immediately secured when it was found necessary to amputate one of the fingers. His hand and arm are doing nicely and under all the circumstances he is fortunate in not suffering the loss of his entire hand.

Mr. Behrens attributes the accident to his own carelessness.—Tribune.

THE HILO RAILWAY.

Within two months the terminus of the Hilo railway in Oloa will be twenty-two miles. With that reduction in the distance to be covered by carriage to the Volcano the trip may be made with a little more comfort than at present though the hardest part of the journey is beyond twenty-four miles, a section that was almost entirely washed away by a Kona storm early in February. With the large increase in the tourist travel it would seem to be only a matter of decency to the people who are asked to visit the Volcano if this section of the road was improved. In its present condition it is not particularly beneficial to invalids. Three men were at work there last week cutting away the brush from the sides of the road but any improvement other than that was not noticeable. A few weeks ago as many men were sent to twenty-four miles to throw out the stones that had accumulated along the road. Instead of working up where the condition was the worst they worked down where it was not particularly needed. When the road from Honouliuli to the Volcano House is completed it is probable that the bulk of the travel to the crater will move that way unless repairs are made to the route from Hilo. This is a matter which directly affects the Wilder's company and it is strange that Mr. Wilder has not done something in the way of influencing the department of public works toward having the needed repairs made. Hilo may be able to do something but it will require Herculean efforts to move the powers at the capital. There is only a short distance to be repaired, and the sum required is not large.—Herald.

NOTES.

It is said that the Board of Education will soon discontinue its Hilo agency for the sale of school books and that when that takes place teachers and children will be obliged to purchase their supplies, probably from a dealer in Honolulu at an advance over the present prices. If there is one thing more than another needed to make the public schools on Hawaii more obnoxious than they now are it is a corner in school supplies.

DR. ATCHERLY HAS A KICK

Kamuela, South Kohala, Hawaii, T. H. April 15th, 1904.

The Editor Pacific Commercial Advertiser.

Sir—In self-defense may I ask you to allow me to make public the means by which the same Legislature that last June raised my salary to 125 dollars, as Government physician, were induced to lower it to ten dollars a month, and at the same time to reduce that of other physicians.

I have it on the authority of certain members of the House, one of them the Speaker, that the following story about me, told by Governor Carter, produced the desired result, as well it might. This was the story: That a poor native boy came to me for medicine, for his wife, who was seriously ill at Hamakua (Hilo district), and that I refused to give the medicine till he paid for it, although my pay at that time was \$125, and that of the patient's husband only \$20. This statement seemed, to those members who knew me, utterly incredible, and they asked for time to communicate with me, which was refused. Now the true account of this will show that the "poor boy," the patient's husband, was a Swedish farmer and team owner, certainly not poor or indigent. That he sent his Japanese wife, with a note for the medicine, instead of coming himself. That my salary at the time was 50 dollars and not 125 dollars a month. That he had only that month given up hauling and gone to work for the ranch at 26 dollars together with a house rent free, fire food, etc. That I was altogether unaware of this change. I had treated this family for some time having visited them at their home in Hamakua, six miles out of my district. He occupied this house with land and owned horses, mules, wagons, etc., with which latter he worked on the Government roads, hauling materials, and receiving \$7.25 a day (see books of S. Kohala Road Board) a sum more than three times my own pay of 50 dollars a month. He was under treatment himself, for a severe injury, just before his removal, and had not paid his bill, although he was able to do so; consequently when on April 30th, 1903, he sent his Japanese wife for medicine for his wife, I told the Jap that I objected to continually treating people of another district for nothing, and left him waiting, while I went to the near-by store. In the meantime he laid a complaint at the ranch office, and Mr. Alfred Carter spoke to me about it; I gave the Jap the medicine, and he paid a dollar for it. In such a district as this without plantations a physician at 50 dollars a month must get fees from those who can afford it or he could not exist. It seems that he had just quit the hauling business and gone to work for the ranch at 26 dollars, but even

PRAISE FOR THE LATE MRS. COOKE

The news of the death of Mrs. H. E. Cooke of Oakland came like a shock to her numerous friends here. Though for years her home had been in California, she never lost her hold upon the hearts of those who knew her. To a large and sympathetic circle this news from over the sea brought a profound sadness while to the few intimate friends the "Ways are darkened" with an overwhelming sense of loss.

Mrs. Cooke was rarely gifted socially. Her genial manner, her quick sense of humor, her sympathetic interest in others made her a favorite everywhere, and to those who knew her well she was the delightful companion, and in a marked degree the loyal loving friend. With a nature that was sincerity itself, subtleties could not live in her presence and the atmosphere that surrounded her was clear as crystal. Added to this was the helping hand, and the generous heart.

No one will ever know to what extent Mrs. Cooke lived for others, for in all that she did there was an entire absence of show. She could not pose, but her strong attractive personality impressed itself upon all who knew her and all felt the influence of a noble sunny nature. The world is richer that she lived in it—poorer that she has gone! As the strong, the sweet human, with whom we have walked side by side leave us, we are grateful that in the words of the poet: There is no death, what seems so is transition.

This life of mortal breath is but a suburb of the life elysian Whose portal we call Death.

ANNA M. PARIS.

then his income with free house rent and food was equivalent to more than my 50 dollars, prices here being higher than in Honolulu. It is likely that Mr. Alfred Carter knew nothing of this patient's real circumstances, still it would have been more just had Governor Carter investigated matters before discrediting me in the House. To be condemned, without a hearing, for charging a man in better circumstances than myself, a fee for medical services, when my own pay was not half enough to support a family in such a place in Waima, is the cruellest injustice. And if the physician here cannot exist on 50 dollars, to expect him to live on ten dollars a month and then never to demand a fee, on pain of further reduction, is an utter absurdity. I am sir, Yours truly,

JOHN ATCHERLY,
M. R. C. S., etc., Govt. Physician to South Kohala, Hawaii.

HONGKONG MARU MAY ALWAYS BE JAPANESE CRUISER

The America Maru may be the only vessel of the original fleet of the Toyo Kisen Kaisha operating between Hongkong-Yokohama-Honolulu and San Francisco, that will be in the future passenger service of the company. The Nippon Maru is reported to have been sunk, and the Hongkong Maru is reported to be so satisfactory to the Japanese Naval Department as a scout cruiser and commerce destroyer, that she may be retained permanently in naval service.

The Hongkong, when stripped of her passenger accommodations and turned into a cruiser, was strengthened and made over to a formidable warship. Capt. Greene, of the America Maru, reports that the vessel appeared at Yokohama a few weeks ago with her war-paint on, and looking like a crack cruiser with big eight-inch guns mounted on the forward or poop deck. The poop had been strengthened beneath with heavy timbers so that that portion of the vessel was able to withstand the terrific strain imposed upon it by the firing of the guns.

A letter from the Navy Department to the Toyo Kisen Kaisha, officials recently filed showed that the Navy Department was well satisfied with the vessel, not as to her speed as to her endurance in the gun tests.

WILL HOLD FIVE YEARS

New Commissions Are Issued by Gov. Carter.

(From Saturday's Advertiser.)

Heads of departments and other officials who held over under the appointments of Governor Dole, and were re-commissioned by Governor Carter, will keep their jobs for five years altogether. Governor Carter yesterday signed commissions for the various officers whose appointments were approved by the Senate this week, the commissions in each case dating four years from the date of confirmation.

Attorney General L. A. Andrews, Auditor J. H. Fisher, Superintendent of Public Instruction A. T. Atkinson, High Sheriff A. M. Brown, and Surveyor W. E. Wall, all heads of departments who were appointed by Governor Dole a year ago, are given new commissions for four years dating from April 13, 1904, to run for four years. As a result the appointments will hold over beyond the close of Governor Carter's term.

Governor Carter also signed commissions for the members of the Park Commission and for various other boards. No new commissions were issued to the inspectors of election as they have certificates holding good for four years. Only recess appointees, afterwards confirmed by the Senate are given the new commissions. Some of them have three or four documents signed by both Judge Dole and Governor Carter.

Crying for Help

Lots of it in Honolulu But Daily Growing Less.

Backache is one of the first indications of kidney trouble. It is the kidneys' first cry for help. Heed it.

Doan's Backache Kidney Pills are what is wanted. Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Honolulu citizen.

Mr. Charles Conroy, of Cyclomere street, this city, one of the many persons who have tried Doan's Backache Kidney Pills with great advantage, relates his experience thus: "I have been a hack driver for a number of years past and this is an occupation in which, through exposure to weather and much jumping up and down from the vehicle, one is particularly liable to kidney complaint. I suffered myself from a lame back for a long while, and in my anxiety to get rid of it tried several things which did not reach the root of my trouble. An advertisement acquainted me with what grand work Doan's Backache Kidney Pills were doing, and I got some of them at the Hollister Drug Co.'s store. I used them and with very much profit for they relieved my back wonderfully."

Doan's Backache Kidney Pills are for sale by all dealers or sent by mail on receipt of price, 50 cents per box, by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name Doan's and take no other.

Chinese residents of this city, numbering seventy, have donated the sum of two hundred nineteen dollars and fifty cents (\$219.50) to the Japanese Red Cross Society through Dr. Iga Mori. MEHEULA'S TRIAL WAITS

Put Off Until Friday
Owing to Counsel's Detention.

Solomon Meheula's trial for destroying vouchers of the House of Representatives, while holding the office of secretary of that body, was set at last term for Monday, April 18, in the United States District Court. When called yesterday morning, the trial could not proceed on account of the absence of defendant's counsel, C. W. Ashford, who was engaged in defending Man Chong, for murder before Circuit Judge De Bolt. A postponement was ordered until 2 p. m., when Judge Dole further postponed the trial until Friday morning. J. J. Dunne appears for the United States.

Several Japanese defendants pleaded guilty to various charges and their sentences were continued until Friday.

There were only twelve trial jurors in court, the remainder of the panel having been individually excused. Of the twelve appearing, one was found not qualified. Judge Dole ordered a special venire for 18 additional jurors.

The trial of Tokakichi Shoda for unlawful importation was set for Wednesday.

DOES NOT WANT TO APPOINT ALL

Governor Carter is opposed to the county commission resolution in the form in which it passed the Legislature yesterday. While the resolution as proposed gives him power to appoint all five members of the commission, he wants the House and the Senate to each designate two of the members. He feels that the two Houses should be willing to share the responsibility of the commission, as the question it will have to solve will be a most difficult one. The Governor suggests that the Speaker of the House and the President of the Senate be members of the commission, and is also of the opinion that its membership should be confined to competent men able to draft a form of government that will conform with the Organic Act and yet be satisfactory to the people as a whole. He recognizes the difficulties in the way of the commission and consequently intends to insist that the Legislature should share in the responsibility of naming the men.

WILL START WORK NEXT ON MAUI

There was a long conference yesterday between Governor Carter and Supt. Holloway over the work to be done under the loan act. The Governor is anxious that the expenditure of the funds for the needed improvements should begin without delay and has asked Holloway to hurry matters as much as possible. Supt. Holloway is ready to begin work on the new road to the Kula homesteads on Maui, and also to construct the Iao Valley road, or the portion of it for which funds are available out of the loan fund. Mr. Holloway also has the surveys ready for the road from Nahiku to Kalua, on Maui, but the appropriation of \$40,000 will not be sufficient to complete the work.

MEMORIAL IS UNVEILED

The ceremonies attending the unveiling of the memorial to the late Paul Isenberg at Lihoe, Kauai, last Friday were attended by several thousands of people.

Senator Isenberg unveiled the bas relief of his father after which there were addresses by J. F. Hackfeld, Albert Wilcox, Judge H. K. Kabele and F. Weber. The memorial block was draped with an immense carnation lei, made up of thousands of flowers. The unveiling was followed by a fireworks display, and then came a luau given by Mr. and Mrs. H. Isenberg. Several thousand people of all nationalities participated in the feast. The Lihoe Band also played during the ceremonies.

The following sugar is reported on Kauai ready for shipment: K. S. M., 4900 bags; V. K., 400; M. A. K., 7000; G. & R., 3250; M. B., 24000; K. P., 50; B., 4850; G. F., 1537; H. M., 7400.

Mr. McCandless moved for a ballot.

Carl S. Smith of Hilo asked if proxies should vote on this ballot.

John A. Hughes of the Fourth, Oahu, moved that the proxies vote.

A. G. M. Robertson of the Fourth, Oahu, thought they were going too far ahead. They were liable to get into a tangle. Only delegates present in person should vote for a temporary chairman.

Senator J. D. Paris of the Second, Hawaii, did not think it was fair to shut out the votes of the proxies.

J. C. Quinn of the Fourth, Oahu, believed Mr. Paris probably right, but they must get started.

Samuel Parker said he had a proxy from the island of Hawaii and claimed the right to use it. "How do we know that Mr. Robertson himself is a delegate? I have something to say about that."

J. A. Low of the Fifth, Oahu, a few moments before was in favor of Mr. Robertson's view, but Mr. Parker had squashed his opinion.

Carl Smith insisted on his motion for a committee on credentials. Mr. Rice moved to amend by having the chairman appoint one member from each district, and Mr. Paris to make the number seven. Thus amended the motion carried.

Chairman Crabbe named Carl S. Smith of the 1st Representative District, H. L. Holstein of the 2nd, D. H. Case of the 3rd, A. V. Gear of the 4th, Henry C. Vida of the 5th, E. Olmsted of the 6th and Jos. A. Gilman at large. A recess of ten minutes, which grew into an hour or more, was taken to enable the committee to prepare its report.

MAUI CIRCUIT COURT AFFAIRS ARE TIED UP

The summary retirement of Judge Kalua as judge in the Second Circuit has left court affairs on Maui in a very unsettled condition. Kalua does not like the suddenness with which he was removed and he is talking now of joining the Home Rule party.

When Kalua postponed all cases to June 6th upon receiving news of his early retirement, he left considerable court business in an unfinished state. A number of important cases had been heard by the court and a decision rendered, but the judge had not signed the final order. His removal now makes his signature valueless.

In one case in particular an important matter had been decided after a trial lasting three days. Kalua had before him a motion for a new trial upon which he was ready to pass. He had not given his ruling when President Roosevelt's order was received and now a case will have to be tried in another circuit. Judge Kepone is a witness in the case so is disqualified from hearing it, and a ruling cannot be given unless a complete transcript of the case is placed before some other judge.

trial, enclosing a resolution passed by that body, protesting against the bill withdrawing the appropriation of \$50,000 for the Kahului wharf and appropriating the money to the uses of a Normal School and sewer and drainage improvements within the city of Honolulu. The resolution says in part:

"We respectfully demand that said sum of fifty thousand dollars be used solely for public improvements on the island of Maui, either for the construction of a wharf at Kahului, Maui, as contemplated in the Loan Act, or for the purposes and in the amounts indicated by the schedule attached hereto."

As the bill in question had been withdrawn, the communication was placed on file.

KALUA'S BILL REJECTED.

When House bill No. 6, appropriations for unpaid bills, came up for third reading, Mr. McCandless moved to insert an item of \$450, balance on account of J. W. Kalua's palat contract with the Board of Health. It was a bill for \$800 on which \$350 had been paid. The bill was approved by the administration.

Mr. Dickey asked if this was the claim turned down by the Legislature last year. Mr. McCandless answered that the bill was approved by the president of the Board of Health.

Mr. Paris thought it was too late to bring in an amendment now.

Mr. Brown also thought it would be a mistake to insert the item at that stage.

A show of hands was counted 3 to 5 for the item, but Mr. Kalua doubted the vote. On a rising vote Dickey, Kalua, Kalauokalani and McCandless supported the item, but five contrary votes defeated it. The bill then passed third reading on the following vote:

Ayes—Achi, J. T. Brown, Crabbe, Dickey, Kalauokalani, Kaula, McCandless, Nakapahu, Paris, Wilcox and Woods—11.

No—1.

FIRST VETO RECEIVED.

The Senate took a recess for fifteen minutes to await communications from any quarter, and at 2:49 a message from the Governor was announced. Secretary A. L. C. Atkinson entered the chamber and presented a letter to the president, which was read by the clerk as follows: "To the Legislature of the Territory of Hawaii:

"Your House Joint Resolution Number One, providing for County Commissioners, I am unable to approve, as the provision attempting to cover the pay of the Commissioners is indefinite, and leaves the door open for wide differences of opinion. It is rarely satisfactory to the employer or the employed to have the compensation arranged after the work is done.

"On the other hand, I should be glad to sign a Joint Resolution providing for Commissioners to draft a County Act, so modified as to cover the objections I have raised.

Executive Chamber, April 18, 1904.

G. R. CARTER, Governor."

THE VETO SUSTAINED.

"Shall the resolution pass notwithstanding the Governor's veto?" was put to the ayes and noes, resulting in the sustaining of the veto on the following vote:

Ayes—J. T. Brown, Kalua, Kaula, Nakapahu, Woods—5.

Noes—Achi, Crabbe, Dickey, Kalauokalani, McCandless, Paris, Wilcox—7.

NEW RESOLUTION.

Mr. Dickey moved the following joint resolution, as amended by inserting "not to exceed \$2000" on motion of Mr. McCandless, which carried with the ayes of the 12 members present.

"Resolved, that a Commission of three members be appointed by the Governor to draft a County bill to be presented to the coming regular session. The expenses of the Commission shall be such as may be approved by the Governor, not to exceed \$2000, and presented at the next regular session for payment."

HILO PARK AGAIN.

The House informed the Senate by message that it had passed a joint resolution, enclosed, designating the public park at Punahoa, Hilo, as "Moohean Park," to perpetuate the name of a prominent "hereditary" chief of Hilo, as the resolution stated.

Mr. McCandless moved to amend the resolution by naming the park "Brown" in honor of its senatorial champion.

Mr. Paris moved it be left to the citizens of Hilo, but withdrew his motion.

Mr. Achi moved the resolution be laid on the table, which carried with six votes.

HOUSE RECEDES.

Two letters from the House announced it had receded from its former action on Senate bill No. 13, amending Sec. 1, Act 42, Laws of 1898, relating to payment of current accounts, and amended the bill by inserting a new section reading thus:

"No money shall be obtained on such account or accounts except by draft of the Treasurer, countersigned by the Auditor and approved by the Governor."

The Senate concurred on the unanimous vote of the twelve members present.

ACTS SIGNED.

A. L. C. Atkinson, Secretary of Hawaii, by letter informed the president that the Governor had signed the following Acts:
